 - (A) Clearly announce the number;
 - (B) Display the ball or other device used as a designator in a manner allowing the players to see the number; and,
 - (C) Place the designator in a receptacle so as to prevent it from being placed back in the selection pool;

 - A winner is determined when the required pattern of squares is covered by a player on a card.
 - (2) It is the player's responsibility to notify the game operator or caller that he has a winning bingo combination. House rules shall govern whether a winning combination of a bingo player who fails to stop the game before the next number is called will be honored.
 - (3) When a player declares a winning face, the following steps shall be followed for winner verification:
 - (A) The game shall be stopped immediately. If the next number has already been selected, it should be secured to ensure that if the declared "bingo" is invalid, the game continues.
 - (B) The game is verified by one of the following:
 - A working member or employee takes the winning card from the player, holds it in front of a neutral player and calls back the winning combination;
 - (ii) The caller verifies first that the serial number and card color is in play and then verifies the number combination in a verification book; or

 - (B) Has made a written record of the game form and serial number, color trim, and the number of breakopen ticket cards remaining in the deal immediately upon removing the deal from play; and

 has been marked, defaced, altered, tampered with, damaged or
 otherwise operated in a manner which tends to deceive the public or
 affects the chances of winning or losing;
 - (2) Each breakopen ticket shall be sold for the single ticket price indicated on the flare and no breakopen ticket shall be provided to a player free of charge or for any other consideration. This paragraph does not apply to the winning of a free play;
 - (3) The flare of all deals in play shall be posted in a conspicuous place;
 - (4) The play of breakopen tickets shall be clearly identified as a single deal or a commingled deal. If a commingled deal is played, the flare of the last deal played shall be posted;
 - (5) House rules governing the sale of breakopen tickets shall be posted in such a manner that players have access to the house rules before buying any breakopen ticket;

If a game is not in the manufacturer's current catalog, the manufacturer shall submit the game to the Commission prior to its sale in Oklahoma, along with an affidavit stating that the game was manufactured in compliance with North American Gaming Regulators Association (NAGRA) standards. No breakopen ticket game will be approved unless prize payout on the game is equal to or exceeds sixty percent (60%) of gross revenue generated by the sale of all tickets in the game.
